

NEW PRODUCT INFORMATION FROM WEBCON

ATB500 Alpha Induction Hardware Assembly for the Ford Duratec 2.0

Following the phenomenal success of the Alpha PRO4 Turnkey Engine Management kit for the Ford Duratec 2.0, Webcon are delighted to announce the launch of the Induction Hardware assembly, ATB500. Supplied professionally assembled, balanced and ready to bolt on to the engine, ATB500 comprises:

- Intake Manifold
- 45mm Throttle Bodies
- Throttle Linkage
- Air Rails
- Air Temperature Sensor
- Alpha Throttle Position Sensor
- Alpha Foam Air Filter
- Weber PICO Fuel Injectors
- Fuel Hose
- Breather System

Fully compatible with all major aftermarket Engine Management systems, ATB500 is arguably one of the highest quality and best performing Induction packages on the market, and is extremely competitively priced at just £799 plus vat.

For more information, or to place an order, please contact your local Weber/Alpha Dealer, or Webcon direct on +44 (0) 1932 787100
