PRESS RELEASE

For immediate release

Webcon Float Height Gauges

Most classic car mechanics will understand how critical proper carburettor float height adjustment is. Now Webcon have reintroduced a range of Weber float height measuring and adjustment tools to allow precise adjustment of the float height of any Weber carburettor.

Each gauge will measure two float heights

Part number 98016400 will measure 5mm and 6mm float heights

Part number 98016500 will measure 6.5mm and 7.5mm float heights

Part number 98016600 will measure 8mm and 9mm float heights

Part number 98016700 will measure 6.75mm and 7mm float heights

The end of each gauge incorporates a bending slot to adjust the float arm.

Webcon height gauges retail at **£11.95** each + VAT.

For further details contact Webcon UK on +44 (0)1932 787100 or visit www.webcon.co.uk
