### **New from Webcon**

Webcon UK Ltd are pleased to announce the introduction of part number 1790026200, a twin choke performance carburettor kit for Landrover 2 1/4 ltr engines.

The kit is fitted with Webcon's new Sync Link kit allowing synchronous opening of the Weber 32/36 DGV throttle butterflies.

This greatly enhances low speed driveability and torque, essential for off road driving.

This kit will fit all engines fitted with a tubular exhaust manifold. If the original exhaust manifold is still fitted, a simple 4 hole blanking plate will need to be fabricated to block the aperture left when the OE intake manifold is removed.

The kit is very competitively priced at just £479.75 plus VAT.
