## **PRESS RELEASE**

**For immediate release**

### **Air Filter Plenum Chamber for DGV/DGAV Carburettors**

Webcon are delighted to announce that their unique Weber DGV/DGAV air filter plenum kit - originally designed for, and as supplied with their Suzuki SJ413 replacement carburettor kit - is now available separately for universal applications.

Part number 9990076100 includes a custom manufactured adaptor that bolts to the top of the carburettor, and the unique plenum adaptor that allows the intake to be fixed at any angle.

This will allow fitment of a flexible hose that can be routed to the front of the vehicle for greater cold air intake, or for off roading use, the hose can be mated to a snorkel.

9990076100 is available from stock at **£50.39** plus vat

Available directly from Webcon and from appointed Webcon dealers around the world.

**For further details contact Webcon UK on +44 (0)1932 787100 or visit [www.webcon.co.uk](http://www.webcon.co.uk)**
